

## CONGU® Changes 2018: Questions & Answers

Retirement of Club and Disa	-
What will happen to existing Club	The CONGU® handicap limit of 28[36] has been removed
handicaps?	and replaced with 54 for both men and women thus
	aligning with other handicapping systems around the
	world. Handicapping software will automatically adjust
	handicaps past the current limits into Category 5 for men
	and Category 6 for men and women when scores are
	outside the Buffer Zone as from 1 <sup>st</sup> January 2018.
Will players who had a Club	Players with a Club handicap will automatically have an
Handicap have a CONGU®	official CONGU® handicap from 1st January 2018 and this
competition handicap?	will be a Competition handicap provided they meet the
	minimum requirement of 3 qualifying scores.
	Players who submitted scores in 2017 and were awarded a
	Club Handicap will have a CONGU® Competition handicap
	on 1 <sup>st</sup> January 2018.
	Players who were awarded a Club Handicap in 2016 will
	have a CONGU ® Competition handicap providing they
	have submitted a minimum of 3 qualifying scores in 2017.
	Otherwise Clause 26.3 applies.
Some of our members refused a	Players will not be able to refuse an increase in handicap
Club Handicap because they were	from scores returned in qualifying competitions and are
prevented from playing in Club and	subject to the process outlined in the Annual Review. Any
Open competitions that required a	increase resulting from a Handicap Committee review will
CONGU® handicap. Can they	be subject to the usual Handicap Appeals Procedure laid
refuse an increase in handicap	down by England Golf.
now?	
Should we review all handicaps	It is recommend that all players currently at the maximum
that are 28/36?	handicap are reviewed with a view to increasing their
	handicap to a level that reflects their playing ability. Such
	adjustments can only be effective from 1 <sup>st</sup> January 2018.
	These players should be identified in the computer-

	Supplementary Scores	
	Removing the restriction of one	Those scores must be recorded on the player's record. In
	supplementary score per week	These scores must be recorded on the player's record. In
	could cause clubs a considerable	preparation for the new Worldwide Handicapping system,
		it is essential that all players have sufficient scores on their
	amount of extra work. Do we have	record so that a reasonable determination of their
	to record these scores on the	handicap can be made. Relaxing the rules regarding
	player's record?	Supplementary Scores provides all players with greater
		opportunity to return more scores than they would
		otherwise do.
	Surely, by removing the restriction	There is more potential for manipulation and abuse by
	of one score per week, the system	removing the limit on submitting Supplementary Scores
	is open abuse and manipulation?	and it is recommended that clubs remind players that
		'Supplementary Score returns may be subject to action
		under CONGU® Clause 21.11/23B if malpractice is
		suspected.'
	Mixed Tee Competitions	
	Do all our competitions played on	This is not a mandatory requirement. However, having a
	the same day have to be combined	single CSS for two or more competitions on the same day
	so that we produce a single CSS?	provides for a more equitable value in situations where
		one of the competitions may have a small field size.
	<b>Initial Handicap Allotment</b>	
	Is it correct that players who have	The scores used to obtain an IHA entered into the player's
	been given an Initial Handicap	record are qualifying scores. As such, as with any other
	Allotment (IHA) could potentially	handicapped player, the handicap status will be valid until
	retain this until the end of the next	the end of the next golfing year providing the player is a
	golfing year, without playing in a	member of an Affiliated Club.
	single qualifying competition?	
	Has the Handicap Allocation	Yes, you are now required to adjust any score of more than
	Process changed due to the higher	double par at any hole to a score of double par (i.e. 6 on a
	handicaps?	Par 3, 8 on a Par 4 and 10 on a Par 5). All other elements of
	•	Clause 16 remain the same.
	9 Hole Competitions	
	Does my club have to schedule 9	It is not mandatory to schedule 9 hole medal competitions.
	hole qualifying medal competitions	CONGU strongly recommends that clubs provide 9 hole
	as well as 9 hole Stableford	qualifying competitions, either Medal or Stableford, to
	competitions?	encourage players with limited time or physical restraints
	- COpoc	to return qualifying scores for handicap under Competition
		conditions.
	Do I need a 9 hole SSS to run a	Yes, to run any qualifying competition, the appropriate SSS
	medal competition?	must be obtained.
	medai competition:	must be obtained.

	How will my handicap be adjusted after a 9 hole medal qualifying competition?	9 hole medal scores will be converted to a Stableford score and adjusted under Clause 22.6.	
4	Handicap Adjustments		
	We have a system whereby we automatically reduce handicaps of players who have won certain trophy competitions. Can we still	Such systems have always been discouraged within CONGU® and as from 1st January 2018, clubs are specifically prevented from applying such a system.	
	do this?
